## Where to Find Us—August 2010

Catholic Charities Food Stamp Outreach program aims to increase the number of eligible households enrolled for Food Stamp benefits, help enrolled households keep benefits, and advocate the county on behalf of clients.

At sites in Sonoma County, we offer eligibility screening, application assistance, and general information about Food Stamps. At sites in Lake County, we offer eligibility screening, general information, and make appointments for assistance with C4Yourself, the county's online application.

Outreach sites marked with a "△" are Rural Food Project sites, where you can pick up food. Those marked with a "○" are Redwood Empire Food Bank EFAP sites, from which you can get food once each month. Sites marked with a "Δ" are various partner locations, call for more details on what additional services are available. During "Office Hours," our office will be staffed and able to take drop-ins.

Times and dates are subject to change without notice. Call for details.
